# KENT

Decking should be sat on, played on, dined on and relaxed on. Fit **Kent Twinson Decking** and you will be able to do just that. Kent Twinson Decking is engineered from waste wood and pvc to give a product that looks and feels like wood but does not need preservative treatments. Kent Twinson Deck is not slippery even when it is wet and has a 25 year warranty. You wont even trip on a nail as it uses secret fixings. So you can sit and relax and enjoy the thought that even when it is removed decades in the future it is 100% recyclable.

Colours reproduced here may vary slightly.  
 The triangle shows the natural tint which the planks will acquire in time.  
 Being a wood based product the boards may vary slightly in colour giving a natural appearance to the deck.
